PROJECTS

- Akira** | *Next.js, TypeScript, Better Auth, Drizzle ORM, Neon DB, Dodo Payments, Resend* Mar. 2026
- Pre-configured SaaS starter with multi-provider auth (Google, GitHub, email) using Better Auth and session management
 - Integrated Dodo Payments for subscriptions and Resend with React Email for transactional emails
 - Drizzle ORM with Neon Postgres for type-safe schema definitions and migration workflows
- StealIt** | *Next.js, TypeScript, Cheerio, Tailwind CSS, Shadcn UI* Feb. 2026
- Extracts images, videos, SVGs, and favicons from any URL by parsing HTML server-side with Cheerio
 - Handles srcset attributes, CSS background images, OG/Twitter Card metadata, and inline SVG serialization
 - Grid-based preview UI with type filtering, individual download, and batch export
- MaskIt** | *Next.js, TypeScript, Zustand, Radix UI, Motion, Tailwind CSS* Feb. 2026
- CSS mask effects editor with multi-layer composition, clip-path shapes, filters, and blend modes
 - Zustand-backed state for real-time preview sync as users adjust mask parameters
 - Exports production-ready CSS code and rasterized images from the canvas
- Notes** | *Next.js, TypeScript, TipTap, Drizzle ORM, Neon DB, Better Auth, SCSS* Jan. 2026
- Rich text note editor built on TipTap with folder organization and auto-save
 - Auth flow using Better Auth, with Drizzle ORM and Neon Postgres handling user and note persistence
 - Dark/light theme support using custom SCSS alongside Tailwind CSS
- BetterNews** | *Next.js, TypeScript, Shadcn UI, Drizzle ORM, Better Auth, Neon DB* Dec. 2025
- Built a Hacker News-style content aggregation platform with posts, comments, and upvotes
 - Designed relational schemas for users, posts, comments, and votes using Drizzle ORM
 - Implemented server actions, optimized queries, and SSR for fast initial load
- Stashly** | *Next.js, TypeScript, Shadcn UI, ImageKit, Clerk, Drizzle ORM, Neon DB* May 2025
- Image storage and sharing platform with authenticated access control via Clerk
 - ImageKit integration for optimized uploads, transformations, and CDN delivery
 - Drizzle ORM with Neon serverless Postgres for schema management and queries

SKILLS

Languages: JavaScript, TypeScript, C, C++
Frameworks: React, Next.js, Express.js, Hono, Elysia.js
UI & Styling: Tailwind CSS, Shadcn UI, Radix UI, Motion
Auth: Better Auth, Clerk
Databases: MongoDB, PostgreSQL, MySQL, Redis
Dev Tools: Git, GitHub, Bun, Docker, Cloudflare, GCP
IDEs: VS Code, Cursor, Claude Code

EXPERIENCE

- arc1** | *Intern* Jul. 2025
- Built composable React components with Base UI for reusable, headless UI primitives

EDUCATION

Government College for Girls, Ludhiana May 2025
Bachelor's of Computer Applications (BCA) Percentage: 75%
